

## Webinar: Spine Tingles & Goose Bumps: Deciphering the Future of Medical Transcription – Thursday March 8, 2012 at 4:30-5:30 PM PST

Jay Vance, CMT, CE Credit: 1 TW, Members \$10, Nonmembers \$15, Students \$5.00

This frank, unflinching look at the MT industry from an insider's perspective will identify 10 trends in the healthcare industry likely to impact the future of the medical transcription profession, and the opportunities for growth that these trends may offer. Topics will include EHR Obsession, The Shrinking MT Work Pool, Baby Boomers & PPACA, Data Proliferation & Transparency, Medical Scribes, the Case for Human Intelligence, and many more. Anyone with an interest in the future of the medical transcription profession will find much food for thought and discussion in this timely presentation.

### Speaker Bio

Jay is a certified medical transcriptionist and has been active in the healthcare documentation field in a variety of production and managerial capacities since 1999. He currently holds the position of Director of Product Development & Deployment at Superior Global Solutions, Inc. He serves as Administrator/Moderator for the AHDI Lounge blog and serves on the AHDI Outreach Workgroup for News and Networking (OWNN). He also sits on the Advisory Board for the medical transcription educational program at Gateway Community College in Phoenix, AZ, and was the founder of MedTransition, an innovative school-to-work externship program.
