

Ten people who speak make more noise than ten thousand who remain silent.

Napoleon Bonaparte

Donate to the Power of 10 Campaign

What is the Power of 10 Campaign?

AHDI is launching a year-long campaign to raise \$10 from 10,000 MTs by 2010. Why? To support the association's advocacy efforts in Washington, DC, where AHDI and MTIA are working hard to make sure YOU have a role in the future of the EHR. Our lobbying firm, along with our government relations staff, are making sure our sector is well represented in important meetings and discussions being held by our nation's legislators and policymakers on healthcare reform, criteria and standards for EHR systems, and workforce development in allied health. *All Power of 10 funds go directly to this effort.*

Why should I donate to the Power of 10?

First and foremost, it takes considerable resources to lobby effectively on behalf of an industry, so all donations help to get us to our goal. Beyond that, AHDI wants to make sure every MT feels connected to and part of this effort, since it is going to take more than just contributions and sponsorships from big businesses to secure our future role in healthcare. It will take every one of the "silent" ten thousand contributing their "voice" through support and participation.

How do I contribute?

You can make your donation to the *Power of 10* campaign by turning in a donation envelope with your contribution or mailing it to the AHDI office (4230 Kiernan Avenue, Suite 130, Modesto CA 95356). *Please be advised that contributions to the Power of 10 campaign are not tax deductible.*
